ABOUT ME

I am Esraa Soliman, a React.js and Next.js developer with 3 years of experience, including 1 year in a professional company. I create responsive web applications, dashboards, and management systems using React, Next.js, MUI, and Redux Toolkit, focusing on clean code, smooth UX, and efficient API integration.

EDUCATION

Menoufia University | 2021-2026

- Graduated from Faculty of Electronic Engineering at Menoufia University.
 - majoring in the Computer Science Department.
 - Graduation Year: 2026
-

WORK EXPERIENCE

React.js / Next.js Developer – Mothmer EG Company

2025 – Present

- Developed responsive web applications, dashboards, and management systems using React, Next.js, Tailwind, and Redux Toolkit.
- Implemented secure API integrations and token-based authentication.
- Delivered scalable and maintainable solutions in a team environment.

Freelance React.js / Next.js Developer

2023 – 2025

- Built portfolio websites, dashboards, and sales management systems for clients.
- Integrated APIs, handled CRUD operations, and ensured responsive, user-friendly designs.
